

Object: Request for quotation

BUSINESS DEVELOPMENT IN INDIA

for Piedmontese companies involved in the following sectors: agribusiness, aerospace, automotive, mechatronics, textile, clothing, design and luxury, cleantech and green chemistry including environment, green building, energy and renewables and related infrastructure, health & wellness, ICT applications

CEIPIEMONTE invites you to tender for the provision of the service and activities listed below in the following country: **INDIA** (hereinafter referred to as "*the Country/ies*"). Since it is not possible for CEIPIEMONTE to provide for the services that will be required, this procedure is launched by the framework contract system, in order to be able to obtain offers from the successful tenderers also for services other than the ones mentioned below.

This request for quotation is regulated by the article 36, of the D.Lgs. 50/2016.

Foreword

Centro Estero per l'Internazionalizzazione S.c.p.a. (Piemonte Agency for Investments, Export and Tourism, hereinafter "CEIPIEMONTE") was established under Regional Law No. 13/2006 in order to rationalize and coordinate the measures aimed to support the internationalisation of Piemonte SMEs and regional economy. Regione Piemonte (Piemonte Regional Authority), in agreement with the Chambers of Commerce, Industry, Trade, Handicraft and Agriculture of Piemonte, promoted a unification process of the entities previously responsible for these functions and set up CEIPIEMONTE, which since 2007 has been operating, as mandated body of its Members. CEIPIEMONTE is one-stop-shop "Help Office" specialized in: (i) providing customised assistance to SMEs active in a wide range of sectors for their market access and business development operations; (ii) developing investment Promotion activities

CEIPIEMONTE is the implementing agency of Regione Piemonte for internationalisation; most activities are developed under the framework of the so-called "PIF" – Progetti Integrati di Filiera (Integrated Sector Projects) financed by Regione Piemonte through the ERDF – European Regional Development Fund POR FESR 2014-2020.

Target sectors (hereinafter referred to as "the Sectors") include:

- Agribusiness
- Aerospace
- Automotive
- Mechatronics
- Textile
- Clothing, Design and Luxury
- Cleantech and Green chemistry including environment, green building, energy and renewables and related infrastructures
- Health & Wellness
- ICT applications and innovative solutions for the above mentioned Sectors

1. Object of the service and related technical features

This procedure is aimed, by the framework contract system, at selecting up to 5 (five) international qualified senior experts or specialized organizations, highly experienced in the Sectors, that will undertake market access support and business promotion actions in **INDIA**. The promotion actions are due to encourage Piedmontese companies, hereinafter referred to as "*the beneficiary company/ies*", to find new opportunities and access/strengthen business on foreign markets.

Multiple framework contract in cascade will be concluded separately, but in identical terms (as regards duration, subject and implement conditions), in the form of an open contract, which does not commit CEIPIEMONTE to the maximum total amount within which CEIPIEMONTE will establish, according to a discretionary assessment of its requirements, the amount of benefits due.

For this reason, nothing will have to be claimed by the successful tenderer beyond the payment of the services provided at the agreed prices and conditions.

The framework contract themselves are not an order for services and do not constitute a financial commitment. The framework set the basis for the services which CEIPIEMONTE may request. CEIPIEMONTE may order specific services under the framework and consequently sign the order forms.

Signature of the framework does not commit CEIPIEMONTE to order specific services and does not give the contractors any exclusive rights to the services covered by the framework contracts.

Experts will be selected on the basis of the most economically advantageous offer. A ranking will then be drawn up resulting from technical and economic evaluations.

The maximum number of contractors with whom CEIPIEMONTE shall conclude framework contract is set out to five (5) contractors in descending order and who achieved the highest scores during the award of the framework contract.

Each bidder may submit bids for one or more Lots. The bidder interested in multiple Lots must submit the technical bid required for each batch and also indicate the economic offer for each. Any bid submitted for a particular Lot must cover all the work required for that Lot.

The services will be commissioned to the first in the list, except for Lot 2 "Identification and Incoming of foreign player", for which the request will be sent to all 5 awardees.

CEIPIEMONTE undertakes no obligation on the minimum requests for which the contractor(s) might be requested to perform the activities.

Following the present procurement procedure, CEIPIEMONTE will sign the framework with the selected contractors. The framework sets the legal, financial, technical and administrative terms governing relations between the contracting parties during the contract duration.

2. Duration, termination and total value of the service

The procedure will be carried out from the date of award of the service, until December 31st 2018. Exception is made in case both parties withdraw with a fifteen-day-written notice or even without notice in case of Projects' interruption or suspension for any cause.

The estimated maximum total value of this procedure is **€ 39.700,00** (EUR thirty nine thousand seven hundred/00) + VAT - if applicable - for the duration of the contract according to the deadlines stated at Point #1. This procedure admits the selection of more than one contractor. Each Action/Lot may be awarded to one or more of the awardees.

Please note: this amount is not to be intended per awardee. The contractor(s) will be entitled to invoice only the amounts relevant to the activities performed in the framework of the awarded Action/Lot(s).

3. Detail of the activities in each Action/lot

3.1 Detail of the activities the contractor(s) will perform in each Action/Lot

N.B.: The payment of the performed activities is intended as "pay-as-you-go".

Activities involved in Action/Lot 3:

Phase 1 :- Feasibility assessment and Partner Search

- To assess products/service portfolio of beneficiary companies interested in having access to the market of and develop business operations in the Country.

- To perform a feasibility assessment to identify the market potential for the beneficiary company product/service portfolio.
- To identify potential local counterparts – Partner search - which can match the company’s cooperation request/offer. This activity represents the first outcome that has to be shared with CEIPIEMONTE and the beneficiary company. In case the result of the evaluation of this first outcome is not favourable as the identified counterparts are considered “not fully suitable” to the beneficiary company request, the Partner Search will be integrated and/or revised to provide a Second Outcome.
- To promote the beneficiary company’s portfolio to the selected prospects located in the Country on the basis of the above mentioned shared evaluation. The contractor(s) will contact prospects in the Country and prepare a detailed report of the contacts made with related feedback. A list of local counterparts that have confirmed their interest will be prepared and submitted to CEIPIEMONTE – Final Outcome. The final list will be supplied by CEIPIEMONTE to the beneficiary companies for evaluation.

Phase 2 (subsequent to Phase 1): - Organization of B2B agenda and Follow-up

- To set up b2b schedules in the Country for the interested beneficiary companies with local potential counterparts identified in Phase 1.
- To provide on-site assistance to the beneficiary companies on logistics preparing their mission – e.g.: hotel accommodation/reservation, information on public transports, flight details and additional useful information.
- To provide onsite assistance to beneficiary companies during the mission and co-attend b2bs.
- To follow up negotiations, contracts or any other kind of business agreements/partnerships started by the parties resulting from the b2bs held.

N.B.(1) Phase 2 can be performed for a beneficiary company only if Phase 1 has been completed for the same company. Phase 2 might be requested by the company later in time, once evaluated results of Phase 1. Beneficiary companies are not obliged to request for Phase 2.

N.B.(2) The contractor(s) might suggest that CEIPIEMONTE organize the B2Bs during existing events scheduled in the Country, if this proves to be functional and advantageous to improve visibility of the involved beneficiary company/ies. CEIPIEMONTE cannot predict the minimum and maximum number of companies willing to take part in the b2bs scheduled in the Country.

N.B.(3) CEIPIEMONTE will pay, upon receipt of the related invoice from the contractor(s), only the amounts for B2Bs scheduled. No amount will be payed to the contractor(s) for unselected prospects in the Country.

Estimated No. of Market Access and Business Development Assistance packages: from 0 to 10 requests

Estimated No. of investors profiles confirmed by CEIPIEMONTE: from 0 to 3 investors

3.2 How to implement the services in all 6 lots:

Since the terms in the framework agreement are sufficiently precise, requests for such services will be initiated by sending a specific order. Each order will have a number of the procedure CIG and a derived CIG.

CEIPIEMONTE will send by e-mail an order form with task descriptions to the contractor who is ranked first in the cascade.

Within three (3) days the contractor must send:

- a) the order form back to CEIPIEMONTE signed and dated, or
- b) explanation of why it cannot accept the order.

If the contractor does not accept the specific order form or fails to observe the deadline or if it is in a situation of conflicting interest that may negatively affect the performance of the specific service request, CEIPIEMONTE may place the order with the next contractor on the cascade. The same deadlines will apply when requesting services to the next best ranked contractors.

If CEIPIEMONTE needed a service not included in the list of this procedure, CEIPIEMONTE will require the 5 awardees to quote for the provision of the requested service, and this will be the subject of an additional order.

For all Actions/Lots indicated in this Request for Quotation, the contractor(s) will supply CEIPIEMONTE with a detailed report of the activities accomplished, all the contacts made (e.g. copies of business cards), potential critical issues (if any), work in progress and recommended follow-up solutions.
